

Displaying Phoca Gallery images in articles with help of Phoca Gallery plugin:

- Install [Phoca Download component](#)
- Install [Phoca Download content plugin](#) and enable it in Plugin manager.

So if you have installed the component and plugin, then simply take the category ID and use a simple code to insert it into the article.

**phocagallery view=category|id=1**

At the beginning and at the end you need to add compound brackets.

The result is as follows:

Category:

List of files:

**phocadownload view=filelist|id=1|limit=5**

Plugin can display: Categories, Category, File, Play a file in popup, Play a file directly, Preview file, List of files, Play a YouTube video, Link to Phoca Download plugin Category, Link to Phoca Download File.
